

# KITCHEN PLANNER

## Guidelines

### Room Shape & Dimensions

Make a note of the following before you plan your kitchen:

- Distance between walls, room shape and overall dimensions
- Ceiling height
- Mark the location of radiators, pipes, gas, electricity and water supply
- Sizes of doorways and windows and which way they open

### Plan Your Kitchen

Use this handy paper planning tool

1. Simply mark out your kitchen space using the information above on the grids provided. Print extra pages and attach these together should you need more space

1:100(1 square = 100 mm)

2. Cut out the units and arrange them in your kitchen space

3. Each image represents a unit size and shape.

Use these in conjunction with our catalogue. Print/ photocopy extra pages should you require more than 1 of one unit.

4. If you have any further questions please do not hesitate to contact us by phone or e-mail

5. Once completed, email us your order and receive your complete kitchen cabinets in 2-3 days!

**\*Please Note:** This is a guide to help you plan your kitchen. Always make sure you are 100% happy with your design before placing an order. Stock subject to availability. Make sure you read through our Terms and Conditions.

Scale: 100 mm/division
